### Our Summer Program

The International Montessori School Summer Program combines the nurturing and respect for children inherent in the Montessori philosophy with a fun and enriching day camp experience for children 6 to 12 years old. Our program includes abundant opportunities for summer fun, personal growth, and learning in a vibrant and caring community that encourages team building, independence and self-discovery. The students participate in various outdoor and crafting activities, such as ceramics using a throw wheel, art and sciences projects, gardening, and much more! Interested in joining the fun? We welcome our parents to come share their knowledge and lead a fun summer art or science activity with the kids!

As children are intimately involved in the learning process, we recommend that they wear loose-fitting clothes that can get dirty. We also have water play (splash day) every Friday! Each day we provide the children with a nutritious snack. For those that bring their lunch, we can store them in our refrigerator. Hot lunches are also available for an extra fee.
